From the Desk of Chairman

Dear Members,

It gives me great pleasure in extending heartiest welcome at the 102^{nd} Annual General Meeting of the company being held in virtual form on the 14th July 2025 at registered office of company at Willingdon Island, Kochi Kerala.

You are aware that the first half of last year 2024, witnessed adverse weather conditions having missed the crucial pre monsoon showers vital for tea and setting of coffee and pepper crop. The total Tea production was 9,64,141 Kgs vis-a-vis 10,15,841 kgs previous year, Green Coffee 3,67,036 kgs vis-à-vis 4,18,669 kgs and Black Pepper in Green Form 11,788 kgs vis-à-vis 24,205 kgs. The company has suffered loss of Rs. 262.03 Lakh against Profit of Rs. 201.72 Lakh previous year.

The accumulated loss of company on date is Rs. 2,358.90 Lakhs which has resulted into unpaid statutory dues and operational liabilities. Management had decided to raise resources by harvesting the planted Teak timber and also dispose off further non-cultivated land for which members approval has been already received. However unfortunately due to delay and non response from Government, the due permissions are still pending. The Company is actively pursuing including legal remedies and have to overcome the bottlenecks soon to infuse required cash flow, which will considerably improve the working environment and reduce heavy financial cost burden.

The Company has restructured its field team and all focus is hereby given to improve, both crop volume and quality. The company is also working in improvement in Coffee and Black Pepper crops, which are experiencing favorable market.

The Tea Plantation scenario continue to be challenging .Inspite of drop of India's crop from 1394 million kgs in 2023 to 1284.78 million in 2024, due to drought conditions in North East India, the tea prices which appreciated initiallyupto September last year are back to normal level, whereas there is constant increase in costs. Kerala, which at current wage rate of Rs. 492.00per day basic plus benefits, vis-à-vis Rs. 250.00 per day in major tea producing statesof Assam and North Bengal plus benefits will be entering into tripartite wage negotiation effective from 01st January 2026. Considering very high mismatch in cost and selling prices and the non-sustainability . I request all stake holders to take a very long term considered decision to maintain current wage rates and improve productivity levels.

I am glad to inform that the Maa Annaporneswari Temple at our Semni Valley Estates has undergone reconstruction and Pran Pratistha is fixed on 28th May 2025. May Maa Annapoorneswari continue to shower all blessings on the entire Haileyburia family.

I thank you very much for joining us all and look forward to your continued support and guidance. Best Wishes,

Yours Sincerely,

Klinod Kmanga

Vinod Kumar Dugar CHAIRMAN

BASIS OF OPINION:

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing ("SA"s) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Emphasis of Matter

We draw attention to the following matter:

- 1. Attentionis invited to Note No.21, forming part of financial statements, detailing "Other current liabilities" which include a substantial amount of overdue statutory and other dues, primarily relating to Employees Provident Fund contributions (including disputed amounts), Superannuation Trust contributions, gratuity to retired employees, remittance of tax deducted at source, etc. The amount of interest and/or penalty, if any, that may be payable on account of these delays could not be ascertained and no provision has been created in the financial statements in respect thereof.

3. There is deficiency in complying with the requirement of obtaining external confirmations, independent confirmations, etc. to ensure the reliability of financial information, in accordance with SA 505.

Our opinion is not modified in respect of this matter

Key audit matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined that there are no key audit matters to communicate in our report

Information Other than the Financial Statements and Auditor's Report Thereon:

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the consolidated financial statements, standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is no material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Management's responsibility for the Standalone Financial Statements:

The Company's Board of Directors are responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards (AS) prescribed under Section 133 of the Act, read with relevant rulesissued there under.

This responsibility also includes maintenance of adequate accounting records inaccordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of financial statements.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the company's financial reporting process.

Auditor's Responsibility for the audit of the Financial Statements:

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- (a) Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- (b) Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3) (i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- (c) Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- (d) Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- (e) Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements:

- 1. As required by The Companies (Auditor's Report) Order, 2020 ("the order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the Annexure A, enclosed herewith, a statement on the matters specified in the paragraph 3 and 4 of the Order.
- 2. As required by Section 143 (3) of the Act, we report that:

Land has been recognised under revaluation model that is revalued amount less subsequent impairment losses. Expenditure on development and new planting are capitalized under Bearer Plants and depreciated from the date when they are ready for commercial harvest.

On transition to Ind As, the Company has elected to continue with the carrying value of all its property, plant and equipment as at 1st April 2016 measured as per the previous GAAP and use that carrying value as the deemed cost of property, plant and equipment.

Depreciation on Property , Plant & Equipement has been provided based on the useful life of the assets prescribed in Part C of Schedule II of the Companies Act, 2013 after retaining 5% of the original cost as residual value on written down value method. In the case of depreciable assets which were revalued, the depreciation is provided including for the revalued amount . The revaluation reserve is transferred to General Reserve at the time of retirement/disposal of the revalued asset. The depreciation method applied, residual value of asset and useful life of an asset are reviewed at each financial year end. Depreciation on assets purchased /sold during the year is proportionatley charged.

Useful life of bearer plants-tea has been considered on the basis of technical evaluation at 50 years and are depreciated from the date when they are ready for commercial harvest

The Management had made an effort to identity components having significant cost to the total cost of the asset and is having different useful life than that of the whole of the asset. Based on a technical evluation no components having these characteristicts had been identified, which is having a meterial impact on the measurement of depreciation.

The estimated useful lives of tangible and intangibles are:

| Type of asset | Method | Useful lives |
|------------------------|--------------------|--------------|
| Building | Written down value | 30 years |
| Plant and equipments | Written down value | 15 years |

50 Financial Risk Management

The company's operations expose it to market risk, liquidity risk and credit risk. In order to minimise any adverse effects on the financial performance of the company, it has risk management policies detailed below:

Agricultural Risk

Cultivation of tea being an agricultural activity, there are certain specific financial risks. These financial risks arise mainly due to adverse weather conditions, logistic problems, and fluctuation of selling price of finished goods (tea) due to increase in supply/availability.

The Company manages the above financial risks in the following manner:

- Sufficient inventory levels of agro chemicals, fertilisers and other inputs are maintained so that timely corrective action can be taken in case of adverse weather conditions.
- Slightly higher level of consumable stores viz. packing materials, coal and HSD are maintained in order to mitigate financial risk arising from logistic problems.
- Sufficient working-capital-facility is obtained from banks in such a way that cultivation, manufacture and sale of tea is not adversely affected even in times of adverse conditions.

Liauidity risk

Liquidity risk refers to the risk that the Company fails to honour its financial obligations in accordance with terms of contract. Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of funding through an adequate amount of committed credit facilities to meet obligations when due and to close out market positions.

Management monitors rolling forecasts of the company's liquidity position (including the undrawn credit facilities extended by banks and financial institutions) and cash and cash equivalents on the basis of expected cash flows. In addition, the Company's liquidity management policy involves projecting cash flows and considering the level of liquid assets necessary to meet these, monitoring balance sheet liquidity ratios against internal and external regulatory requirements and maintaining debt financing plans.

Credit risk

Credit risk refers to the risk of financial loss arising from default / failure by the counterparty to meet financial obligations as per the terms of contract. The Company is exposed to credit risk for receivables, cash and cash equivalents, financial guarantees and derivative financial instruments. None of the financial instruments of the Company result in material concentration of credit risks

Credit risk on receivables is minimum since sales through different mode (eg. auction, consignment, private - both domestic and export) are made after judging credit worthiness of the customers, advance payment or against letter of credit by banks. The history of defaults has been minimal and outstanding receivables are regularly monitored. For credit risk on the advances to parties, the Company is not expecting any material risk on account of non-performance by any of the parties.
